Independent Auditor's Report

Board of Directors Global Wine Partners (U.S.) LLC:

We have audited the accompanying statement of financial condition of Global Wine Partners (U.S.) LLC (the Company), as of December 31, 2006, and the related statements of operations, changes in member's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global Wine Partners (U.S.) LLC as of December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1: GENERAL & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Global Wine Partners (U.S.) LLC (the "Company") was organized in the State of California in December 2003 as MKF Capital Advisors. On August 9, 2004, the Company changed its name to Global Wine Partners (U.S.) LLC. The Company is a Limited Liability Company operating as a registered broker-dealer in securities under the Securities and Exchange Act of 1934.

The Company is also an investment banking advisory boutique focused on providing advisory services to companies and financial buyers relating to mergers and acquisitions, corporate finance matters, as well as business valuation and litigation services. The Company is a member of the National Association of Securities Dealers ("NASD") and the Securities Investor Protection Corporation ("SIPC").

The Company is a wholly-owner subsidiary of Global Wine Partners LLC (the ""Parent""). The Parent is in turn owned 50% by GWP US Partners LLC (the ""Holding Company""). The Holding Company and MKF Properties have the same ownership

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Financial advisory fees are recognized as earned according to the fee schedule stipulated in the client's engagement contracts. Success fees are recognized upon the execution of the transactions relating to those fees.

The Company, with the consent of its members, has elected to be a California Limited Liability Company. For tax purposes the Company is treated like a partnership, therefore in lieu of business income taxes, the members are taxed on the Company's taxable income. Therefore, no provision or liability for Federal Income Taxes is included in these financial statements. The State of California has similar treatment, although there exists a provision for a minimum Franchise Tax of \$800 and a gross receipts tax.

Note 2: INCOME TAXES

As discussed in the Summary of Significant Accounting Policies (Note 1), the Company was organized as a Limited Liability Company, therefore no federal income tax provision is provided. All tax effects of the Company's income or loss are passed through to the member individually. The Company recorded \$3,300 in its tax provision in accordance with California Limited Liability Company regulations.

Note 3: PROFIT SHARING PLAN

On March 2, 2006 the Member adopted a 401(k) Profit Sharing Plan, effective January 1, 2006, for the exclusive benefit of all eligible employees and their beneficiaries. In order to be eligible for the annual contributions, employees must have attained age twenty one (21), and have completed one (1) year of service. The Plan allows eligible employees to defer part of their income on a tax-deferred basis into the Plan. Total employer contributions made for the year ended December 31, 2006 were \$9,839.

Note 4: RELATED PARTY TRANSACTIONS

The Holding Company pays the payroll for the Company and the Company reimburses the Holding Company for those costs. In addition, other Holding Company costs and expenses are paid by the Company and charged to the Holding Company for reimbursement. At December 31, 2006 the amount receivable from the Holding Company was \$89,811.

The Company has entered into an operating lease agreement with MKF Properties for an office space under a noncancellable lease which commenced in September 2, 2005 and will expire on August 31, 2008. Total rent expense for the year ended December 31, 2006 was \$151,922.

Note 5: RECENTLY ISSUED ACCOUNTING STANDARDS

In June 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with SFAS No. 109. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The evaluation of a tax position in accordance with FIN 48 is a two-step process. The first step is to determine whether it is more-likely-than-not that a tax position will be sustained upon examination based on the technical merits of the position.

Note 5: <u>RECENTLY ISSUED ACCOUNTING STANDARDS</u> (Continued)

The second step is measurement of any tax position that meets the more-likely-than-not recognition threshold to determine the amount of benefit to recognize in the financial statements. The tax position is measured at the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. FIN 48 also provides guidance on the de-recognition of uncertain positions, financial statement classification, accounting for interest and penalties, accounting for interim periods and new disclosure requirements. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company is currently evaluating the impact that the adoption of FIN 48 will have on its financial position and results of operations. However, the impact is not expected to be material.

In September 2006, the FASB issued Statement of Accounting Financial Standards ("SFAS") No. 157, "Fair Value Measurements" ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 is effective for fiscal years beginning after November 15, 2007. The company is currently evaluating the new standard. However, adoption of SFAS 157 is not expected to have a material effect on the Company's financial statements.

In September 2006, the FASB issued SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Post-retirement Plans—an amendment of FASB Statements Nos. 87, 106, and 132(R)" ("SFAS 158"). SFAS 158 requires companies to recognize on a prospective basis the funded status of their defined benefit pension and post-retirement plans as an asset or liability and to recognize changes in that funded status in the year in which the changes occur as a component of other comprehensive income, net of tax. The effective date of the pronouncement is a function of whether the Company's equity securities are traded publicly. If the entity has publicly traded securities, the effective date is for fiscal years ending after December 15, 2006. Entities without publicly traded securities must adopt the standard for fiscal years ending after June 15, 2007. The company is currently evaluating the new standard. However, adoption of SFAS 158 is not expected to have a material effect on the Company's financial statements.

Note 6: <u>NET CAPITAL REQUIREMENTS</u>

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2006, the Company had net capital of \$8,309, which was \$3,309 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$11,270) to net capital was 1.36 to 1, which is less than the 15 to 1 maximum ratio allowed for a broker/dealer.

Note 7: RECONCILIATION OF AUDITED NET CAPITAL TO UNAUDITED FOCUS

There is a material difference of \$7,499 between the computation of net capital under net capital Sec. Rule 15c3-1 and the corresponding unaudited focus part IIA.

Net capital per unaudited schedule Adjustments:			\$	15,808
Member's equity Allowable assets	\$ —	(2,499) (5,000)		
Total adjustments Net capital per audited statements	•		<u>\$</u>	(7,499) 8,309

Global Wine Partners (U.S.) LLC Schedule I - Computation of Net Capital Requirements Pursuant to Rule 15c3-1 As of December 31, 2006

Computation of net capital

Member's equity Member's equity	\$ 230,903	
Total member's equity		\$ 230,903
Less: Non allowable assets Account receivable Receivable from related party Deposits Net adjustments	(130,325) (89,811) (2,458)	(222,594)
Net Capital		8,309
Computation of net capital requirements Minimum net capital requirements 6 2/3 percent of net aggregate indebtedness Minimum dollar net capital required	\$ 751 5,000	5,000
Net capital required (greater of above) Excess net capital		\$ 3,309
Ratio of aggregate indebtedness to net capital	1.36:1	

There was a difference of \$7,499 between net capital shown here and net capital as reported on the Company's unaudited Form X-17A-5 report dated December 31, 2006. See Note 7.

Global Wine Partners (U.S.) LLC Schedule II - Computation for Determination of Reserve Requirements Pursuant to Rule 15c3-3 As of December 31, 2006

A computation of reserve requirements is not applicable to Global Wine Partners (U.S.) LLC as the Company qualifies for exemption under Rule 15c3-3 (k)(2)(i).

Global Wine Partners (U.S.) LLC Schedule III - Information Relating to Possession or Control Requirements Pursuant to Rule 15c3-3 As of December 31, 2006

Information relating to possession or control requirements is not applicable to Global Wine Partners (U.S.) LLC as the Company qualifies for exemption under Rule 15c3-3 (k)(2)(i).

Global Wine Partners (U.S.) LLC
Supplementary Accountant's Report
on Internal Accounting Control
Report Pursuant to 17a-5
For the Year Ended December 31, 2006

Board of Directors Global Wine Partners (U.S.) LLC:

In planning and performing our audit of the financial statements of Global Wine Partners (U.S.) LLC (the Company), as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

We Focus & CaresM

i

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, National Association of Securities Dealers, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
